Report of the Activity

Name of Activity	Lectures on innovative trend in Electronics (Specially in solar technology)
Date	21/10/2021
Resource Person	Prof. Dr. T. K. Patil
Organizing Department/Venue	Electronics Laboratory
Number of Participants	21

Department of electronics conducted a lecture on Innovative Trends in Electronics. The head of the department Dr. Tahira Mir presided over the programme.

The resource person Dr. T. K. Patil discussed about the innovative possibilities and practical challenges during his lecture. He pointed out the below. Total 21 students were present for the programme.

The sun is source of abundant energy we are getting large amount of energy from the sun, out of which only small portion of energy is utilized. Many rural areas in India can use solar energy for various applications. It can be used for cooking, drying, heating, charging various electronics devices.
