A Brief Report

Department of Geography organized on field demonstration on lands measurements for the farmers in Ruikhede on 16/06/2019. For this demonstration 15 farmers have participated actively in land measurement some of them have shown the actual interest in measuring their total field area. The team have guided regarding the actual measurement units, scientific procedure, calculations and the graphical presentation to the farmers. Because accurate land measurement is crucial for various reasons including crop yield accessing land values, maintaining accurate records and taxation and sale purpose. Prof. S. N. Patil and Dr. Atul Badhe played a key role in this demonstration program for farmers.
